

Action on Pre-eclampsia Study Days

Multidisciplinary days for all those involved in care for pregnant women

Pre-eclampsia can kill mothers and
unborn babies

Can you afford not to know
how to manage it?

Scottish Tour Dates March 2020

Pre-eclampsia affects 10% of all pregnancies and causes the deaths of 3 women every year in the UK. As a midwife you will be affected too.

APEC brings together the leading experts in pre-eclampsia and give you the most up to date knowledge about how to deliver evidence informed care and share best practice.

Dumfries 10th
Edinburgh 11th
Inverness 12th

Each day includes:

- Lectures
- Discussion
- Q&A sessions
- Lunch inc
- Resource Pack
- Attendance Certificate
